SFX: crowd sounds

- TUNIC : Yes, ladies and gentlemen, we're here for a real knockdown drag-out.
- SANDAL : No kidding, Tunic. Tonight we have The Chows of Kennebunk bringing in their contestant: a Giant Lobster from the northern Atlantic. And the Ders of Anchorage with a Monster King Crab from the northern Pacific.
- TUNIC : Quite a combo for fighting it out in the Grand Culinary Arena, I must say.
- SANDAL : Yes, and all this to take place over a giant cauldron of boiling water and heavy cream for added excitement and entertainment.
- TUNIC : Oh look, the cheerleaders from the Chow camp are throwing some butter into the pot.
- SANDAL : Notice the Der mascots waving their ceremonial garlands of mace and then tossing them into the cauldron also.
- TUNIC : I understand that the Giant Lobster and King Crab will be pelted with potatoes and onions while clawing each other.
- SANDAL : Yes, to see if they lose their balance. Part of the fun, Tunic. All part of the fun.
- TUNIC : Okay, folks. Well, the fight is about to begin.
- REFEREE : Attention! Attention everyone. Quiet please! Thank you. And now, Giant Lobster of the Chows versus Monster King Crab of the Ders!

SFX: blows whistle

- TUNIC : Wow, what a tussle. The King Crab has whipped some cayenne pepper into the lobster's eyes.
- SANDAL : And the lobster just gave the King a taste of his own medicine with claw full of Kosher salt to the gills.

TUNIC : What a decapod! This is thrilling!
SANDAL : And just listen to the crowd!
CHOWS : Chow!
DERS : Der!
CHOWS : Chow!
DERS : Der!
SANDAL : Oh, no! It looks like they've both fallen into the cauldron together!
TUNIC : But the crowd doesn't seem to care! Listen!
EVERYONE : Chow-der! Chow-der! Chow-der!

SFX: lame music intro

EVERYONE (singing): The lobster fell in
 and the outcome was grim,
 for the cauldron it was rather hot.
 Chow-der!
 The crab then did stumble,
 he fell and he tumbled
 And the lobster and crab are now not.
 Chow-der!

Alternate Caveman Song version:

Everyone: The cavemen screamed louder
 "We invented chowder!"
 When a lobster and dinosaur fought.
 Chow-der!
 The lobster fell in
 And the ref said "He wins!"
 And now we like chowder a lot!
 Chow-der!
